

January 28, 2011 Friday 9:00 am

The Bourbon County Commission met in open session with all commissioners and the county clerk present. Minutes of the previous meeting were read and approved.

Marty Pearson gave a road report. He informed commissioners of his need to purchase the second half of culverts from the quotes in December. He reminded commissioners that, due to cash restrictions, he only purchased half of what he needed at the end of 2010. He said the supplier informed him that prices are going up in mid-February. Commissioners approved the purchase from Welborn Sales.

Bills and payroll for the period were reviewed and approved.

Shane Walker discussed getting a key to the county barn for RTS Electronics. The commissioners approved the request but asked that a log be kept of their coming and going.

Julie Bowers spoke with commissioners about bridges. As a non-profit, she purchases old, debilitated bridges and repairs them and is interested in helping Bourbon County with the Long Shoals Bridge, which is on the National Registry of historic bridges. The commissioners would like to hear more information. As it's in his district, Harold wants speak with some of the people in the area also. Ms. Bowers will send commissioners written information for the county counselor to review.

Terry Sercer met with commissioners to discuss the budget and equipment. No action.

Marty called commissioners to inform them that a hydraulic pump went out on a loader at the quarry. It will cost approximately \$2,800 for a rebuilt one or \$5,000 for a new one. Commissioners authorized purchasing a new pump.

After routine business, the meeting adjourned 12:15 pm.

THE BOARD OF COUNTY COMMISSIONERS
OF BOURBON COUNTY, KANSAS

 , Chairman
 , Commissioner
 , Commissioner

ATTEST:

Joanne Long, County Clerk
